

Amenities Chairman's report June 2020

7/20

A) Bike racks on Lion Green

The concrete base will be laid mid June and the bike racks installed thereafter

C) Posts on Lion Green

We are awaiting confirmation from Steve Homewood about a start date, although he is yet to have his meeting with BT as they have lines running underneath the area we want the posts to go.

D) Playground clean

VitaPlay attended Lion Green playground in the middle of May to undertake the "deep clean" the committee authorised in February 2020. The play area looks fantastic, the two benches that sit opposite each other on entry have had years worth of lichen removed and almost look like new. Similarly, the WetPour surfacing around all the equipment looks really good. The Town Hall staff recommend this work be done on an annual, or biennial, basis.

Amending Terms and Conditions for the Lion Green agreement

The terms and conditions have been amended but as yet we have not held an event which puts the new clauses to the test. At the beginning of March we were able to rely on existing wording to cancel the Easter funfair event due to the extreme wet winter (as opposed to Covid -19 reasons).

Freehold transfer of land from WBC to Haslemere Town Council

Chair to say a few words
