Clammer Hill	0	12	October 2020	<p>October 2020 – no issues other than access road deteriorating.</p> <p>October 2019 – car park has been strimmed right back and potholes on access road have been filled by persons unknown.</p> <p>August 2019 - Suggestion by one allotment holder that the car park should be all hardstanding as it is difficult to park in the winter when it is wet. It is a mixture of hardcore surrounded by grass. It is strimmed by allotment holders and our contractor does it once a year at the end of the summer growing season. The access road to the allotment does need attention as it has a number of pot holes.</p>
