23/20 SSE Presentation regarding the summer closure of Lower Street

Gary West & Richard Clarke (project managers at SSE) and Andy Griffiths (customer liaison SSE) attended to give a short overview of the works planned for the summer holidays 2020. These works have been a few years in the planning and will result in a 6-week closure of Lower Street, just past Shepherds Hill to Sandrock.

Cllr Barton arrived at 7.03pm

The purpose is to update the network and will include work on both sides of the road and the high pavement. In closing the road they can work on both sides, leave machinery on site and reduce the amount of time the

whole project will take. They will be working 7 days a week to ensure the deadline is adhered to although they will not be working overnight as it's a residential area.

Traffic will be diverted through Tanners Lane, Bridge Road, Chestnut Avenue and West Street. Parking in these roads will be suspended during the planned works.

SSE is going to engage with local residents and hand deliver printed material explaining the works. They were asked if they could put up signs advising that the shops were open for business as usual. It was explained to the committee that this was up to SCC as the Highways Authority, who did not like lots of signage up as it distracted drivers.

26/20 Planning applications

WA/2019/2120 – Beech Cottage Farnham Lane Haslemere

The applicant's agent, Jesse Chapman, attended the meeting to present the details of the current application. The applicant seeks to obtain retrospective planning permission for 2 outbuildings and demolish 4 other outbuildings. The current outbuildings are not fit for the intended purpose as a greenhouse and pilates studio so will require some alteration.

The committee briefly discussed the issue but felt that little had changed since the previous application. They could not find any special circumstances which entitled the buildings to have been erected without planning permission in the Green Belt.

WA/2020/0029 – The Heights 5 Hill Road Haslemere

Peter Hampson, on behalf of residents of Hill Road, spoke in opposition to the latest application for 22 dwellings. It still proposes to demolish the original building, breach an established building line and change the character of the Hill Road. The development would mean the construction of the only south facing houses on the south side of the road, compromise the amenity of High Green, Old Haslemere Road and impose a new perpendicular two-way, double width access threatening the safety of the residents in 8 Hill Road. The residents advocate the retention of the present one way in/out driveway.

Following discussion, the committee felt this latest application did not address any concerns previously raised by it or local residents. It is out of keeping with character of the Haslemere Hillside, the segregation of the affordable houses would lead to a ghetto-ising effect, does not seek to retain the non-heritage asset and amounts to overdevelopment. It also continues to have concerns about residents' safety in relation to the access way.

WA/2020/0162 LAND AT HINDHEAD BRAE, TILFORD ROAD, HINDHEAD

The committee discussed the proposed development in some detail as it sits in the Green Belt and there was a concern that biodiversity could be lost. However, infill is allowed in the Green Belt and the Planning Inspector has previously indicated that it would be acceptable here. There is only one dwelling being proposed in a reasonable sized plot, which is surrounded by houses and access roads. The committee did not object to the application provided there is no effect on the Wealden Heaths Phase II Special Protection Area.

WA/2020/0219 LAND AT FIR COTTAGE, HAZEL GROVE, HINDHEAD GU26 6BJ

There was a short discussion about this application and the committee agreed it had no objection.

WA/2020/0192 40 WEYSPRINGS, HASLEMERE GU27 1DE

The committee felt that the proposal was in keeping and not out of proportion. It had no objection to the application.

WA/2020/0171 HATHERLEIGH, TOWER ROAD, HINDHEAD GU26 6SP

After lengthy discussion, the committee agreed the proposal did not amount to overdevelopment and was in keeping with the character of the area. It had no objection to the application.

Cllr Dear left at 8.10pm
