

Allotment sites

Site	Vacancies	Waiting list	Latest inspection	Issues
Clammer Hill	0	9	June 2021	August 2021 – we have been advised there are issues with deer getting onto the allotments and eating flowers and vegetables. It is the only site with no deer proof fencing. Following a site meeting with Commercial Grounds Care in 2020, this could be expensive to install and may need to be a budgeted item for 22/23 June 2021 – no issues with inspections March 2021 – no issues with inspections
Collards Lane	2	47	June 2021	June 2021 – one person given notice and two others being inspected monthly March 2021 – no issues with inspections
Sturt Road	0	41	June 2021	June 2021 – two people being inspected monthly March 2021 – no issues with inspections

- Council has recently renumbered plots, following years of subdivision, and provided new identification tags for each plot on each allotment site. This has been funded from the Allotment reserves. Thanks to Arran for dealing with it and Steve Homewood for providing the post thumper free of charge.
- We will be looking to update the management procedures as several new allotment holders have been burned by common hogweed on their plots and have enquired whether it is the Council's responsibility to remove it or not.
