

**Household support fund** – we have been inundated with calls. Not helped by the fact that half of the Waverley residents who should have received letters about it at the beginning of February didn't get them until last week. We've helped approximately 80 families to the tune of £20,000.

**Annual Town Meeting** - provisional date is Wednesday 27<sup>th</sup> April – please put in your diaries.

**Installation of bike shelters** in High St car will happen from mid to late May. It is a wooden bike shelter, stained black with opaque roof and will take up approximately 3 car parking spaces.

**Welcome Back Fund** – another 10,000 recyclable coffee cups are on order to be distributed to retailers across the Council area. We are also hoping to get some more 'town beautification' works in before the 31<sup>st</sup> March deadline.

**Code of Conduct training** for members – this will be offered in person and virtually and the video will be available afterwards for those who cannot attend. Working on dates with WBC.

We have had some logos done for small and green grants recipients to use on their promotional material:

#### Some work in pictures:

#### Bus stop repair St Christopher's Green – Vandalism, report & repair within 7 days

This has now been stained a darker colour to fit in.

**Cargo net replaced by Martin at Town Meadow**

**Solar panels installed**

**Surrey Treescapes – hedge planting Town Meadow**

275 whips in total were planted.

**Planting orchard at Lion Green**

A bench for people to sit on and enjoy the area has been ordered.

**Association of Jewish Refugees ceremony 27 January 2022 and planting of oak tree**

**Clement Corner, St Christophers Green, High Street and Woodcock Green**

Bins, benches, bus stops and boxes telephone cleaned and repainted

Other work.

Altering layout of plots and installing gate at Collards Lane allotment

Town Hall survey & EPC completed, awaiting survey. EPC suggests insulating the loft and changing the lightbulbs in the Chamber – lightbulbs changed, quotes for insulation to Full Council.

New double recycling bin purchased for Lion Green – will be installed this week.

**St Christopher's Green**

Craft & Vintage fair to take place quarterly(ish) from April 2022

**Town Hall**

The Repair Café has the Chamber once a month on a Saturday tying in with the Farmer's Market

Covers for the heating/cooling system external cartridges have started to be installed.

Finally – over at Clammer Hill allotments Storm Eunice moved this ...

this much ...

Our grounds contractor arranged for 4 guys to move it back free of charge, so the Major kindly bought them beer to say “thank you”!
