

ICE – In Case of Emergency

Contact details

Complete this form for your household to access key information quickly and easily in an emergency. Store these details on your mobile device as well as keeping a paper copy.

In an emergency, ensure you are not in danger. If the danger is outside, stay inside (if it is safe to do so).

If you or another person is in danger always call 999.

If you are asked to leave your home:

- Make sure you take your medication and, if possible any medical equipment you need with you.
- Remember to tell family, friends and carers where you are going. If you are currently receiving visits from NHS or Social Care providers let them know where you have gone to.
- Take your mobile phone and charger as well as key documents like ID and your purse/wallet.
- Turn off your gas, electricity and water if it is safe to do so
- Consider whether you need to take your pets with you.
- Do any family and neighbours need help?
- Do you have any family or friends you could stay with?

Tune in to local radio, TV and social media for advice and updates.

Returning home:

- Listen to advice from the emergency services and local authorities (e.g. advice about drinking water or power loss)
- Contact your insurance company if needed
- Contact the relevant utility companies. If you turned off your gas it must be turned on again by a professional for safety reason
