War memorials

Grayswood War Memorial has been visually inspected and appears to be in a good condition.

St Alban's Church War Memorial has been visually inspected and appears to be in a good condition although it is noted that it is suffering from a small amount of delamination in one area.

St Stephen's Church War Memorial has been visually inspected and appears to be in a good condition although it is noted that the right hand vertical wooden shaft is starting to rot at the bottom.

Haslemere War Memorial base is suffering from delamination in several areas (shown overleaf) and the surrounding wall needs some pointing. We are in the process of obtaining two quotes – one for a basic repair and one for a more long-term solution. We will also look to secure funding from the War Memorial Trust.

All condition reports have been submitted to the War Memorial Trust.

RECOMMENDATION: the cost of repair of the Haslemere War Memorial is put in the budget for 2023-2024 if required
