

Stage	Initiative	2030 Target	Status: Nov 2019	Current Action	Who
1. Eliminate fossil fuels	Town hall heating	All electric	Air-source heat pumps	Investigate energy costs	GL / LOS
	Toilets heating	All electric		Investigate energy costs	GL / LOS
	Council-related transport	All human, electric or public		Estimate transport use	GL / LOS
2. Reduce energy consumption	Town hall energy performance	EPC A-rating		Commission EPC	GL / LOS
	Toilets energy performance	EPC A-rating		Commission EPC	GL / LOS
	Town hall energy management	25% savings from 2020		Assess current policy/practices	GL / LOS
	Council-related transport	50% miles walked & cycled		Estimate transport use	GL / LOS
	Christmas lights	Easily offset		Estimate power consumption	GL / LOS
3. Use cleaner electricity	Renewable electricity tariff	100% traceable & certified	Renewable tariff, traceable?	Check with Opus energy	GL / LOS
	Local generation	10% of HTC total	0%	Investigate opportunity	CM / GL
	Timed consumption	TBD			
4. Reduce other emissions	Coolant fluid	Non-greenhouse or easily offset		Request info from supplier	GL / LOS
	Single-use plastic waste	Eliminated	Measures not yet in place	Estimate consumption	GL / LOS
	Services procurement	Sustainable	Measures not yet in place	Investigate opportunity	GL / LOS
	Materials procurement	Sustainable	Measures not yet in place	Investigate opportunity	GL / LOS
5. Remove carbon to offset	Tree planting	As required		Investigate opportunity	CM / GL
	Rewilding	As required		Investigate opportunity	CM / GL
