

Town Meadow play equipment – for budget 2023/2024

At the Amenities meeting in August, the committee agreed that it would like to increase the play provision in Town Meadow. The proposal is for 3 or 4 items - one toddler, one inclusive (DDA), one junior and possibly a zip wire.

It is proposed that funding for this project is put into the 2023/2024 budget, with detail of exact items and locations within the meadow to be agreed.

The first estimate for 3 items is £47,000 and 4 items is £65,000 (include site setup, fencing, play equipment, installation, and safety surfacing). Prices are subject to change in the current economic climate but CIL may be able to fund any dramatic increase.

Cllr Jackie Keen MBE

RECOMMENDED: the sum of £50,000 is put into the budget (any required balance to come from play equipment reserves and CIL money).
