

# HASLEMERE TOWN COUNCIL

## **Lion Green Public toilets external landscaping**

### **BACKGROUND**

- On 11 April 2024 the Amenities committee considered the quotes for the Lion Green public toilet paving behind the building.
- It asked the clerk to obtain a revised quote from Continental Landscapes to add a 60cm width of gravel between the building and paving to enable planting to be carried out in due course.
- Continental Landscapes have confirmed there will be no additional cost for this and their quote of £7,764 stands.

**RECOMMENDATION:** Proceed with paving the back of the block (leaving a 60cm gravelled space) and the creation of a linked path, to public footpath and instruct Continental Landscapes to do so. Funding is in an ear marked reserve to do this work.
