The Chairman agreed to bring agenda item 18 forward so that Dr Ridsdill Smith could leave the meeting once Cllrs had asked any questions of him.

8/24 Haslemere Health Centre application

Dr Ridsdill Smith attended the meeting on behalf of the applicant and set out the background to the application. In brief, the project will look to relocate the existing administration office into void space in the hospital and transform the office into three new clinical rooms. The health centre has been able to employ two new doctors since the retirement of a senior partner.

Following members questioning of Dr Ridsdill Smith, the committee considered the application and agreed to support the project. There were significant community benefits to the project, not least that it would reduce the current waiting times at the surgery. It could be delivered quickly as all details were specified and agreed, and there was full support from the landlord NHS Property Services.

RECOMMENDATION: The sum of £36,000 of Neighbourhood CIL is committed to this project.

9/24 Terms of reference for the new committee

After some discussion about increasing the level of Neighbourhood CIL the committee could award under the proposed delegated authority limit of £10,000, it was agreed to retain this amount as a point of good governance.

RECOMMENDATION: The Terms of Reference are agreed as drafted.

18/24 CIL Strategy Document and project list

There was discussion about projects which could be added to the list. The Council has a working group involved in the proposed new youth centre, and there is an opportunity to partner with WBC and potential user groups.

There was also a suggestion of employing a consultant to review the High Street particularly looking at pedestrianisation and improvements of space.

Having heard about the Health Centre in a previous agenda item it was felt that improvements to the Health Centre should also be added.
