

HASLEMERE TOWN COUNCIL

Chairman's report

SANG – grounds management

The committee has asked for SANG grounds management to be a standing agenda item. As at the date of this meeting, the contractors will not have started the work there so nothing to report from officers point of view.

SANG – financial contribution for maintenance and management of the SANG

This has now been received and the investment of the sum is on the agenda for the next Finance & Governance committee meeting.

SANG – dog bin moved

Town Meadow play equipment

Apologies from the clerk, no working party meeting has been set up yet. This will be arranged following the general election.

Whips at Town Meadow

We need volunteers to do some weeding around the whips at Town Meadow, otherwise they are going to choke.

Signage at the Town Hall

To note that are looking at installing signage on either side of the Town Hall to advise residents what the building is and when it is open. The likelihood is that they will be sized A1 and in line with other HTC branded signage across the parish.
