

HASLEMERE TOWN COUNCIL

Clerk's report to Full Council March 2025

General Updates

Cllrs Leach and Robini and the Town Clerk recently met with the Borough commander and local police representatives to discuss crime in the town. It is really good to see more of a presence recently, and hear that crime is generally very low in Haslemere. A meeting with local retailers is to be arranged. It is also looking likely that the new DISC reporting system will be implemented across the Waverley towns this Summer, there will be a small cost to the Council – details to follow.

The Clerk continues to attend meetings / receive updates regarding the forthcoming local government reorganization. Please all try to attend the next U&P meeting on 24th March.

Preparations for the VE day event on Lion Green (10th May) are continuing. The event will run from 3pm – 9.30pm and consist of talks, exhibitions, live music and refreshments. It promises to be a fabulous family event.

The Youth Centre working party continues to engage with WBC to find the best solution for our young people. A recommendation will be brought to council when finalised.

Land and assets

Lion Green Toilets Surface Water Drainage.

Following the agreement at the Amenities Committee meeting 13/02/25, we instructed JTS Engineering to carry out the drainage work that had been proposed to remove the surface water at the front of the toilets at Lion Green. They have done an excellent job and the solution appears to be working!

Playgrounds

The playground wet pour surfacing and equipment at both Lion Green and Town Meadow has been pressure cleaned as part of our safety measures to prevent slips.
